## Product Datasheet

### Human Nesprin-1 (SYNE1) ELISA Kit ASC-KTE60414

Artikelname	Human Nesprin-1 (SYNE1) ELISA Kit
Artikelnummer	ASC-KTE60414
Hersteller Artikelnummer	KTE60414
Alternativnummer	ASC-KTE60414-48, ASC-KTE60414-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Nesprin-1 (SYNE1) ELISA Kit employs a two-site sandwich ELISA to quantitate SYNE1 in samples. An antibody specific for SYNE1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SYNE1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SYNE1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SYNE1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
