Human Toxoplasma Gondii (T.gondii) ELISA Kit ASC-KTE60449

Artikelname	Human Toxoplasma Gondii (T.gondii) ELISA Kit
Artikelnummer	ASC-KTE60449
Hersteller Artikelnummer	KTE60449
Alternativnummer	ASC-KTE60449-48, ASC-KTE60449-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Tag	T.gondii
Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Toxoplasma Gondii (T.gondii) ELISA Kit employs a two-site sandwich ELISA to quantitate T.gondii in samples. An antibody specific for T.gondii has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any T.gondii present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for T.gondii is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of T.gondii bound in the initial step. The color development is stopped and the intensity of the color is measured.
