### Human Transmembrane anterior posterior transformation protein 1 homolog (TAPT1) ELISA Kit ASC-KTE60475

Artikelname	Human Transmembrane anterior posterior transformation protein 1 homolog (TAPT1) ELISA Kit
Artikelnummer	ASC-KTE60475
Hersteller Artikelnummer	KTE60475
Alternativnummer	ASC-KTE60475-48, ASC-KTE60475-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Transmembrane anterior posterior transformation protein 1 homolog (TAPT1) ELISA Kit employs a two-site sandwich ELISA to quantitate TAPT1 in samples. An antibody specific for TAPT1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TAPT1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TAPT1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TAPT1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
