## Product Datasheet

### Human Probable methyltransferase TARBP1 (TARBP1) ELISA Kit ASC-KTE60476

Artikelname	Human Probable methyltransferase TARBP1 (TARBP1) ELISA Kit
Artikelnummer	ASC-KTE60476
Hersteller Artikelnummer	KTE60476
Alternativnummer	ASC-KTE60476-48, ASC-KTE60476-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Probable methyltransferase TARBP1 (TARBP1) ELISA Kit employs a two-site sandwich ELISA to quantitate TARBP1 in samples. An antibody specific for TARBP1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TARBP1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TARBP1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TARBP1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
