Human Probable threonyl-tRNA synthetase 2, cytoplasmic (TARSL2) ELISA Kit ASC-KTE60481

Artikelname	Human Probable threonyl-tRNA synthetase 2, cytoplasmic (TARSL2) ELISA Kit
Artikelnummer	ASC-KTE60481
Hersteller Artikelnummer	KTE60481
Alternativnummer	ASC-KTE60481-48, ASC-KTE60481-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Probable threonyl-tRNA synthetase 2, cytoplasmic (TARSL2) ELISA Kit employs a two-site sandwich ELISA to quantitate TARSL2 in samples. An antibody specific for TARSL2 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TARSL2 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TARSL2 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TARSL2 bound in the initial step. The color development is stopped and the intensity of the color is measured.
