## Product Datasheet

### Human Transforming growth factor alpha (TGF-alpha) ELISA Kit ASC-KTE60507

Artikelname	Human Transforming growth factor alpha (TGF-alpha) ELISA Kit
Artikelnummer	ASC-KTE60507
Hersteller Artikelnummer	KTE60507
Alternativnummer	ASC-KTE60507-48, ASC-KTE60507-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Transforming growth factor alpha (TGF-alpha) ELISA Kit employs a two-site sandwich ELISA to quantitate TGFA in samples. An antibody specific for TGFA has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TGFA present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TGFA is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TGFA bound in the initial step. The color development is stopped and the intensity of the color is measured.
