### Human Transforming growth factor beta receptor 2 (TGF-betaR2) ELISA Kit ASC-KTE60514

Artikelname	Human Transforming growth factor beta receptor 2 (TGF-betaR2) ELISA Kit
Artikelnummer	ASC-KTE60514
Hersteller Artikelnummer	KTE60514
Alternativnummer	ASC-KTE60514-48, ASC-KTE60514-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Transforming growth factor beta receptor 2 (TGF-betaR2) ELISA Kit employs a two-site sandwich ELISA to quantitate TGFBR2 in samples. An antibody specific for TGFBR2 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TGFBR2 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TGFBR2 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TGFBR2 bound in the initial step. The color development is stopped and the intensity of the color is measured.
