### Human STE20-like serine/threonine-protein kinase (SLK) ELISA Kit ASC-KTE60579

Artikelname	Human STE20-like serine/threonine-protein kinase (SLK) ELISA Kit
Artikelnummer	ASC-KTE60579
Hersteller Artikelnummer	KTE60579
Alternativnummer	ASC-KTE60579-48, ASC-KTE60579-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human STE20-like serine/threonine-protein kinase (SLK) ELISA Kit employs a two-site sandwich ELISA to quantitate SLK in samples. An antibody specific for SLK has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SLK present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SLK is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SLK bound in the initial step. The color development is stopped and the intensity of the color is measured.
