## Product Datasheet

### Human Sialin (SLC17A5) ELISA Kit ASC-KTE60623

Artikelname	Human Sialin (SLC17A5) ELISA Kit
Artikelnummer	ASC-KTE60623
Hersteller Artikelnummer	KTE60623
Alternativnummer	ASC-KTE60623-48, ASC-KTE60623-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Sialin (SLC17A5) ELISA Kit employs a two-site sandwich ELISA to quantitate SLC17A5 in samples. An antibody specific for SLC17A5 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SLC17A5 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SLC17A5 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SLC17A5 bound in the initial step. The color development is stopped and the intensity of the color is measured.
