Human Signal-regulatory protein gamma (SIRPG) ELISA Kit ASC-KTE60654

Artikelname	Human Signal-regulatory protein gamma (SIRPG) ELISA Kit
Artikelnummer	ASC-KTE60654
Hersteller Artikelnummer	KTE60654
Alternativnummer	ASC-KTE60654-48, ASC-KTE60654-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Signal-regulatory protein gamma (SIRPG) ELISA Kit employs a two-site sandwich ELISA to quantitate SIRPG....
Detektionsbereich	Please inquire
Sensitivitaet	Please inquire
Tag	SIRPG
NCBI	55423
UniProt	Q9P1W8
Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Signal-regulatory protein gamma (SIRPG) ELISA Kit employs a two-site sandwich ELISA to quantitate SIRPG in samples. An antibody specific for SIRPG has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SIRPG present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SIRPG is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SIRPG bound in the initial step. The color development is stopped and the intensity of the color is measured.
