### Human Signal-regulatory protein beta-1 (SIRPB1) ELISA Kit ASC-KTE60656

Artikelname	Human Signal-regulatory protein beta-1 (SIRPB1) ELISA Kit
Artikelnummer	ASC-KTE60656
Hersteller Artikelnummer	KTE60656
Alternativnummer	ASC-KTE60656-48, ASC-KTE60656-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Signal-regulatory protein beta-1 (SIRPB1) ELISA Kit employs a two-site sandwich ELISA to quantitate SIRPB1 in samples. An antibody specific for SIRPB1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SIRPB1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SIRPB1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SIRPB1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
