Human 14-3-3 protein sigma (SFN) ELISA Kit ASC-KTE60683

Artikelname	Human 14-3-3 protein sigma (SFN) ELISA Kit
Artikelnummer	ASC-KTE60683
Hersteller Artikelnummer	KTE60683
Alternativnummer	ASC-KTE60683-48, ASC-KTE60683-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human 14-3-3 protein sigma (SFN) ELISA Kit employs a two-site sandwich ELISA to quantitate SFN in samples. An antibody specific for SFN has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SFN present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SFN is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SFN bound in the initial step. The color development is stopped and the intensity of the color is measured.
