Human Heparin cofactor II (HCII) ELISA Kit ASC-KTE60694

Artikelname	Human Heparin cofactor II (HCII) ELISA Kit
Artikelnummer	ASC-KTE60694
Hersteller Artikelnummer	KTE60694
Alternativnummer	ASC-KTE60694-48, ASC-KTE60694-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Heparin cofactor II (HCII) ELISA Kit employs a two-site sandwich ELISA to quantitate SERPIND1 in samples. An antibody specific for SERPIND1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SERPIND1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SERPIND1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SERPIND1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
