### Human Plasminogen activator inhibitor 2 (SERPINB2) ELISA Kit ASC-KTE60699

Artikelname	Human Plasminogen activator inhibitor 2 (SERPINB2) ELISA Kit
Artikelnummer	ASC-KTE60699
Hersteller Artikelnummer	KTE60699
Alternativnummer	ASC-KTE60699-48, ASC-KTE60699-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Plasminogen activator inhibitor 2 (SERPINB2) ELISA Kit employs a two-site sandwich ELISA to quantitate SERPINB2 in samples. An antibody specific for SERPINB2 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and anySERPINB2 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SERPINB2 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SERPINB2 bound in the initial step. The color development is stopped and the intensity of the color is measured.
