Human Serum deprivation response (SDPR) ELISA Kit ASC-KTE60724

Artikelname	Human Serum deprivation response (SDPR) ELISA Kit
Artikelnummer	ASC-KTE60724
Hersteller Artikelnummer	KTE60724
Alternativnummer	ASC-KTE60724-48, ASC-KTE60724-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Serum deprivation response (SDPR) ELISA Kit employs a two-site sandwich ELISA to quantitate SDPR....

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Serum deprivation response (SDPR) ELISA Kit employs a two-site sandwich ELISA to quantitate SDPR in samples. An antibody specific for SDPR has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SDPR present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SDPR is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SDPR bound in the initial step. The color development is stopped and the intensity of the color is measured.
