Human Reticulon-4 receptor (RTN4R) ELISA Kit ASC-KTE60778

Artikelname	Human Reticulon-4 receptor (RTN4R) ELISA Kit
Artikelnummer	ASC-KTE60778
Hersteller Artikelnummer	KTE60778
Alternativnummer	ASC-KTE60778-48, ASC-KTE60778-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Reticulon-4 receptor (RTN4R) ELISA Kit employs a two-site sandwich ELISA to quantitate RTN4R in samples. An antibody specific for RTN4R has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any RTN4R present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for RTN4R is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of RTN4R bound in the initial step. The color development is stopped and the intensity of the color is measured.
