### Human Receptor-interacting serine/threonine-protein kinase 3 (RIPK3) ELISA Kit ASC-KTE60793

Artikelname	Human Receptor-interacting serine/threonine-protein kinase 3 (RIPK3) ELISA Kit
Artikelnummer	ASC-KTE60793
Hersteller Artikelnummer	KTE60793
Alternativnummer	ASC-KTE60793-48, ASC-KTE60793-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Receptor-interacting serine/threonine-protein kinase 3 (RIPK3) ELISA Kit employs a two-site sandwich ELISA to quantitate RIPK3 in samples. An antibody specific for RIPK3 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any RIPK3 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for RIPK3 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of RIPK3 bound in the initial step. The color development is stopped and the intensity of the color is measured.
