Human Bile salt export pump (ABCB11) ELISA Kit ASC-KTE60852

Artikelname	Human Bile salt export pump (ABCB11) ELISA Kit
Artikelnummer	ASC-KTE60852
Hersteller Artikelnummer	KTE60852
Alternativnummer	ASC-KTE60852-48, ASC-KTE60852-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Bile salt export pump (ABCB11) ELISA Kit employs a two-site sandwich ELISA to quantitate ABCB11 in samples. An antibody specific for ABCB11 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any ABCB11 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for ABCB11 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of ABCB11 bound in the initial step. The color development is stopped and the intensity of the color is measured.
