## Product Datasheet

### Human Prostatic acid phosphatase (ACPP) ELISA Kit ASC-KTE60883

Artikelname	Human Prostatic acid phosphatase (ACPP) ELISA Kit
Artikelnummer	ASC-KTE60883
Hersteller Artikelnummer	KTE60883
Alternativnummer	ASC-KTE60883-48, ASC-KTE60883-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Prostatic acid phosphatase (ACPP) ELISA Kit employs a two-site sandwich ELISA to quantitate ACPP in samples. An antibody specific for ACPP has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any ACPP present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for ACPP is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of ACPP bound in the initial step. The color development is stopped and the intensity of the color is measured.
