### Human Activin receptor type-2A (ACVR2A) ELISA Kit ASC-KTE60904

Artikelname	Human Activin receptor type-2A (ACVR2A) ELISA Kit
Artikelnummer	ASC-KTE60904
Hersteller Artikelnummer	KTE60904
Alternativnummer	ASC-KTE60904-48, ASC-KTE60904-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Activin receptor type-2A (ACVR2A) ELISA Kit employs a two-site sandwich ELISA to quantitate ACVR2A in samples. An antibody specific for ACVR2A has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any ACVR2A present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for ACVR2A is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of ACVR2A bound in the initial step. The color development is stopped and the intensity of the color is measured.
