Human Adipose differentiation-related protein (ADRP) ELISA Kit ASC-KTE60934

Artikelname	Human Adipose differentiation-related protein (ADRP) ELISA Kit
Artikelnummer	ASC-KTE60934
Hersteller Artikelnummer	KTE60934
Alternativnummer	ASC-KTE60934-48, ASC-KTE60934-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Adipose differentiation-related protein (ADRP) ELISA Kit employs a two-site sandwich ELISA to quantitate ADFP....

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Adipose differentiation-related protein (ADRP) ELISA Kit employs a two-site sandwich ELISA to quantitate ADFP in samples. An antibody specific for ADFP has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any ADFP present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for ADFP is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of ADFP bound in the initial step. The color development is stopped and the intensity of the color is measured.
