## Product Datasheet

### Human [Protein ADP-ribosylarginine] hydrolase (ADPRH) ELISA Kit ASC-KTE60946

Artikelname	Human [Protein ADP-ribosylarginine] hydrolase (ADPRH) ELISA Kit
Artikelnummer	ASC-KTE60946
Hersteller Artikelnummer	KTE60946
Alternativnummer	ASC-KTE60946-48, ASC-KTE60946-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human [Protein ADP-ribosylarginine] hydrolase (ADPRH) ELISA Kit employs a two-site sandwich ELISA to quantitate ADPRH in samples. An antibody specific for ADPRH has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any ADPRH present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for ADPRH is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of ADPRH bound in the initial step. The color development is stopped and the intensity of the color is measured.
