### Human Agrin (AGRN) ELISA Kit ASC-KTE60966

Artikelname	Human Agrin (AGRN) ELISA Kit
Artikelnummer	ASC-KTE60966
Hersteller Artikelnummer	KTE60966
Alternativnummer	ASC-KTE60966-48, ASC-KTE60966-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Agrin (AGRN) ELISA Kit employs a two-site sandwich ELISA to quantitate AGRN in samples. An antibody specific for AGRN has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any AGRN present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for AGRN is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of AGRN bound in the initial step. The color development is stopped and the intensity of the color is measured.
