## Product Datasheet

### Human Agouti Related Protein (AGRP) ELISA Kit ASC-KTE60967

Artikelname	Human Agouti Related Protein (AGRP) ELISA Kit
Artikelnummer	ASC-KTE60967
Hersteller Artikelnummer	KTE60967
Alternativnummer	ASC-KTE60967-48, ASC-KTE60967-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Agouti Related Protein (AGRP) ELISA Kit employs a two-site sandwich ELISA to quantitate AGRP in samples. An antibody specific for AGRP has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any AGRP present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for AGRP is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of AGRP bound in the initial step. The color development is stopped and the intensity of the color is measured.
