## Product Datasheet

### Human MAPK/MAK/MRK overlapping kinase (RAGE) ELISA Kit ASC-KTE60980

Artikelname	Human MAPK/MAK/MRK overlapping kinase (RAGE) ELISA Kit
Artikelnummer	ASC-KTE60980
Hersteller Artikelnummer	KTE60980
Alternativnummer	ASC-KTE60980-48, ASC-KTE60980-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human MAPK/MAK/MRK overlapping kinase (RAGE) ELISA Kit employs a two-site sandwich ELISA to quantitate RAGE in samples. An antibody specific for RAGE has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any RAGE present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for RAGE is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of RAGE bound in the initial step. The color development is stopped and the intensity of the color is measured.
