Human NKG2D ligand 4 (RAET1E) ELISA Kit ASC-KTE60982

Artikelname	Human NKG2D ligand 4 (RAET1E) ELISA Kit
Artikelnummer	ASC-KTE60982
Hersteller Artikelnummer	KTE60982
Alternativnummer	ASC-KTE60982-48, ASC-KTE60982-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human NKG2D ligand 4 (RAET1E) ELISA Kit employs a two-site sandwich ELISA to quantitate RAET1E in samples. An antibody specific for RAET1E has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any RAET1E present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for RAET1E is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of RAET1E bound in the initial step. The color development is stopped and the intensity of the color is measured.
