Human Dihydropteridine reductase (QDPR) ELISA Kit ASC-KTE61007

Artikelname	Human Dihydropteridine reductase (QDPR) ELISA Kit
Artikelnummer	ASC-KTE61007
Hersteller Artikelnummer	KTE61007
Alternativnummer	ASC-KTE61007-48, ASC-KTE61007-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Dihydropteridine reductase (QDPR) ELISA Kit employs a two-site sandwich ELISA to quantitate QDPR....
Detektionsbereich	Please inquire
Sensitivitaet	Please inquire
Tag	QDPR

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Dihydropteridine reductase (QDPR) ELISA Kit employs a two-site sandwich ELISA to quantitate QDPR in samples. An antibody specific for QDPR has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any QDPR present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for QDPR is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of QDPR bound in the initial step. The color development is stopped and the intensity of the color is measured.
