Human Glycogen phosphorylase (GP) ELISA Kit ASC-KTE61017

Artikelname	Human Glycogen phosphorylase (GP) ELISA Kit
Artikelnummer	ASC-KTE61017
Hersteller Artikelnummer	KTE61017
Alternativnummer	ASC-KTE61017-48, ASC-KTE61017-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Glycogen phosphorylase (GP) ELISA Kit employs a two-site sandwich ELISA to quantitate PYGL....

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Glycogen phosphorylase (GP) ELISA Kit employs a two-site sandwich ELISA to quantitate PYGL in samples. An antibody specific for PYGL has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PYGL present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PYGL is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PYGL bound in the initial step. The color development is stopped and the intensity of the color is measured.
