Human Receptor-type tyrosine-protein phosphatase eta (PTPRJ) ELISA Kit ASC-KTE61047

Artikelname	Human Receptor-type tyrosine-protein phosphatase eta (PTPRJ) ELISA Kit
Artikelnummer	ASC-KTE61047
Hersteller Artikelnummer	KTE61047
Alternativnummer	ASC-KTE61047-48, ASC-KTE61047-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Receptor-type tyrosine-protein phosphatase eta (PTPRJ) ELISA Kit employs a two-site sandwich ELISA to quantitate PTPRJ in samples. An antibody specific for PTPRJ has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PTPRJ present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PTPRJ is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PTPRJ bound in the initial step. The color development is stopped and the intensity of the color is measured.
