Human Prostacyclin receptor (PTGIR) ELISA Kit ASC-KTE61070

Artikelname	Human Prostacyclin receptor (PTGIR) ELISA Kit
Artikelnummer	ASC-KTE61070
Hersteller Artikelnummer	KTE61070
Alternativnummer	ASC-KTE61070-48, ASC-KTE61070-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Prostacyclin receptor (PTGIR) ELISA Kit employs a two-site sandwich ELISA to quantitate PTGIR....
Detektionsbereich	Please inquire
Sensitivitaet	Please inquire
Tag	PTGIR

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Prostacyclin receptor (PTGIR) ELISA Kit employs a two-site sandwich ELISA to quantitate PTGIR in samples. An antibody specific for PTGIR has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PTGIR present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PTGIR is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PTGIR bound in the initial step. The color development is stopped and the intensity of the color is measured.
