Human Pancreas transcription factor 1 subunit alpha (PTF1A) ELISA Kit ASC-KTE61073

Artikelname	Human Pancreas transcription factor 1 subunit alpha (PTF1A) ELISA Kit
Artikelnummer	ASC-KTE61073
Hersteller Artikelnummer	KTE61073
Alternativnummer	ASC-KTE61073-48, ASC-KTE61073-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Pancreas transcription factor 1 subunit alpha (PTF1A) ELISA Kit employs a two-site sandwich ELISA to quantitate PTF1A in samples. An antibody specific for PTF1A has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PTF1A present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PTF1A is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PTF1A bound in the initial step. The color development is stopped and the intensity of the color is measured.
