Human Testisin (PRSS21) ELISA Kit ASC-KTE61109

Artikelname	Human Testisin (PRSS21) ELISA Kit
Artikelnummer	ASC-KTE61109
Hersteller Artikelnummer	KTE61109
Alternativnummer	ASC-KTE61109-48, ASC-KTE61109-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Testisin (PRSS21) ELISA Kit employs a two-site sandwich ELISA to quantitate PRSS21....
Detektionsbereich	Please inquire

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Testisin (PRSS21) ELISA Kit employs a two-site sandwich ELISA to quantitate PRSS21 in samples. An antibody specific for PRSS21 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PRSS21 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PRSS21 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PRSS21 bound in the initial step. The color development is stopped and the intensity of the color is measured.
