Human Pro-gastrin-releasing peptide (ProGRP) ELISA Kit ASC-KTE61131

Artikelname	Human Pro-gastrin-releasing peptide (ProGRP) ELISA Kit
Artikelnummer	ASC-KTE61131
Hersteller Artikelnummer	KTE61131
Alternativnummer	ASC-KTE61131-48, ASC-KTE61131-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Pro-gastrin-releasing peptide (ProGRP) ELISA Kit employs a two-site sandwich ELISA to quantitate ProGRP in samples. An antibody specific for ProGRP has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any ProGRP present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for ProGRP is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of ProGRP bound in the initial step. The color development is stopped and the intensity of the color is measured.
