Human Pro Atrial Natriuretic Peptide (Pro-ANP) ELISA Kit ASC-KTE61136

Artikelname	Human Pro Atrial Natriuretic Peptide (Pro-ANP) ELISA Kit
Artikelnummer	ASC-KTE61136
Hersteller Artikelnummer	KTE61136
Alternativnummer	ASC-KTE61136-48, ASC-KTE61136-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Pro Atrial Natriuretic Peptide (Pro-ANP) ELISA Kit employs a two-site sandwich ELISA to quantitate Pro-ANP in samples. An antibody specific for Pro-ANP has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any Pro-ANP present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for Pro-ANP is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of Pro-ANP bound in the initial step. The color development is stopped and the intensity of the color is measured.
