## Product Datasheet

### Human Major prion protein (PRNP) ELISA Kit ASC-KTE61138

Artikelname	Human Major prion protein (PRNP) ELISA Kit
Artikelnummer	ASC-KTE61138
Hersteller Artikelnummer	KTE61138
Alternativnummer	ASC-KTE61138-48, ASC-KTE61138-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Major prion protein (PRNP) ELISA Kit employs a two-site sandwich ELISA to quantitate PRNP....

Anwendungsbeschreibung

This Human Major prion protein (PRNP) ELISA Kit employs a two-site sandwich ELISA to quantitate PRNP in samples. An antibody specific for PRNP has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PRNP present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PRNP is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PRNP bound in the initial step. The color development is stopped and the intensity of the color is measured.
