Human Prolactin-releasing hormone (PRH) ELISA Kit ASC-KTE61143

Artikelname	Human Prolactin-releasing hormone (PRH) ELISA Kit
Artikelnummer	ASC-KTE61143
Hersteller Artikelnummer	KTE61143
Alternativnummer	ASC-KTE61143-48, ASC-KTE61143-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Prolactin-releasing hormone (PRH) ELISA Kit employs a two-site sandwich ELISA to quantitate PRLH in samples. An antibody specific for PRLH has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PRLH present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PRLH is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PRLH bound in the initial step. The color development is stopped and the intensity of the color is measured.
