Human Protein Kinase C beta II (PKC-βII) ELISA Kit ASC-KTE61148

Artikelname	Human Protein Kinase C beta II (PKC-βII) ELISA Kit
Artikelnummer	ASC-KTE61148
Hersteller Artikelnummer	KTE61148
Alternativnummer	ASC-KTE61148-48, ASC-KTE61148-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Protein Kinase C beta II (PKC- β II) ELISA Kit employs a two-site sandwich ELISA to quantitate PRKCB in samples. An antibody specific for PRKCB has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PRKCB present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PRKCB is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PRKCB bound in the initial step. The color development is stopped and the intensity of the color is measured.
