### Human Eosinophil granule major basic protein (EMBP/MBP) ELISA Kit ASC-KTE61167

Artikelname	Human Eosinophil granule major basic protein (EMBP/MBP) ELISA Kit
Artikelnummer	ASC-KTE61167
Hersteller Artikelnummer	KTE61167
Alternativnummer	ASC-KTE61167-48, ASC-KTE61167-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Eosinophil granule major basic protein (EMBP/MBP) ELISA Kit employs a two-site sandwich ELISA to quantitate PRG2 in samples. An antibody specific for PRG2 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PRG2 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PRG2 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PRG2 bound in the initial step. The color development is stopped and the intensity of the color is measured.
