Product Datasheet

Human Prolyl endopeptidase-like (PREPL) ELISA Kit ASC-KTE61171

Artikelname	Human Prolyl endopeptidase-like (PREPL) ELISA Kit
Artikelnummer	ASC-KTE61171
Hersteller Artikelnummer	KTE61171
Alternativnummer	ASC-KTE61171-48, ASC-KTE61171-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Prolyl endopeptidase-like (PREPL) ELISA Kit employs a two-site sandwich ELISA to quantitate PREPL in samples. An antibody specific for PREPL has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PREPL present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PREPL is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PREPL bound in the initial step. The color development is stopped and the intensity of the color is measured.
