Human Lung specific X protein (LUNX) ELISA Kit ASC-KTE61204

Artikelname	Human Lung specific X protein (LUNX) ELISA Kit
Artikelnummer	ASC-KTE61204
Hersteller Artikelnummer	KTE61204
Alternativnummer	ASC-KTE61204-48, ASC-KTE61204-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Lung specific X protein (LUNX) ELISA Kit employs a two-site sandwich ELISA to quantitate PLUNC....

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Lung specific X protein (LUNX) ELISA Kit employs a two-site sandwich ELISA to quantitate PLUNC in samples. An antibody specific for PLUNC has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PLUNC present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PLUNC is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PLUNC bound in the initial step. The color development is stopped and the intensity of the color is measured.
