Human Phosphatase and actin regulator 1 (PHACTR1) ELISA Kit ASC-KTE61223

Artikelname	Human Phosphatase and actin regulator 1 (PHACTR1) ELISA Kit
Artikelnummer	ASC-KTE61223
Hersteller Artikelnummer	KTE61223
Alternativnummer	ASC-KTE61223-48, ASC-KTE61223-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Phosphatase and actin regulator 1 (PHACTR1) ELISA Kit employs a two-site sandwich ELISA to quantitate PHACTR1 in samples. An antibody specific for PHACTR1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PHACTR1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PHACTR1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PHACTR1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
