### Human Retrotransposon-derived protein PEG10 (PEG10) ELISA Kit ASC-KTE61253

Artikelname	Human Retrotransposon-derived protein PEG10 (PEG10) ELISA Kit
Artikelnummer	ASC-KTE61253
Hersteller Artikelnummer	KTE61253
Alternativnummer	ASC-KTE61253-48, ASC-KTE61253-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Retrotransposon-derived protein PEG10 (PEG10) ELISA Kit employs a two-site sandwich ELISA to quantitate PEG10 in samples. An antibody specific for PEG10 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PEG10 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PEG10 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PEG10 bound in the initial step. The color development is stopped and the intensity of the color is measured.
