### Human Platelet-derived growth factor D (PDGFD) ELISA Kit ASC-KTE61269

Artikelname	Human Platelet-derived growth factor D (PDGFD) ELISA Kit
Artikelnummer	ASC-KTE61269
Hersteller Artikelnummer	KTE61269
Alternativnummer	ASC-KTE61269-48, ASC-KTE61269-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Platelet-derived growth factor D (PDGFD) ELISA Kit employs a two-site sandwich ELISA to quantitate PDGFD in samples. An antibody specific for PDGFD has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PDGFD present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PDGFD is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PDGFD bound in the initial step. The color development is stopped and the intensity of the color is measured.
