Human Platelet-derived growth factor subunit B (PDGFB) ELISA Kit ASC-KTE61271

Artikelname	Human Platelet-derived growth factor subunit B (PDGFB) ELISA Kit
Artikelnummer	ASC-KTE61271
Hersteller Artikelnummer	KTE61271
Alternativnummer	ASC-KTE61271-48, ASC-KTE61271-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Platelet-derived growth factor subunit B (PDGFB) ELISA Kit employs a two-site sandwich ELISA to quantitate PDGFB in samples. An antibody specific for PDGFB has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PDGFB present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PDGFB is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PDGFB bound in the initial step. The color development is stopped and the intensity of the color is measured.
