Human Progesterone Associated Endometrial Protein (PAEP) ELISA Kit ASC-KTE61318

Artikelname	Human Progesterone Associated Endometrial Protein (PAEP) ELISA Kit
Artikelnummer	ASC-KTE61318
Hersteller Artikelnummer	KTE61318
Alternativnummer	ASC-KTE61318-48, ASC-KTE61318-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Tag	PAEP
Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Progesterone Associated Endometrial Protein (PAEP) ELISA Kit employs a two-site sandwich ELISA to quantitate PAEP in samples. An antibody specific for PAEP has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PAEP present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PAEP is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PAEP bound in the initial step. The color development is stopped and the intensity of the color is measured.
