### Human Asparaginyl-tRNA synthetase, cytoplasmic (NARS) ELISA Kit ASC-KTE61375

Artikelname	Human Asparaginyl-tRNA synthetase, cytoplasmic (NARS) ELISA Kit
Artikelnummer	ASC-KTE61375
Hersteller Artikelnummer	KTE61375
Alternativnummer	ASC-KTE61375-48, ASC-KTE61375-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Asparaginyl-tRNA synthetase, cytoplasmic (NARS) ELISA Kit employs a two-site sandwich ELISA to quantitate NARS in samples. An antibody specific for NARS has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any NARS present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for NARS is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of NARS bound in the initial step. The color development is stopped and the intensity of the color is measured.
