Human Mitochondrial peptide methionine sulfoxide reductase (MSRA) ELISA Kit ASC-KTE61521

Artikelname	Human Mitochondrial peptide methionine sulfoxide reductase (MSRA) ELISA Kit
Artikelnummer	ASC-KTE61521
Hersteller Artikelnummer	KTE61521
Alternativnummer	ASC-KTE61521-48, ASC-KTE61521-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Mitochondrial peptide methionine sulfoxide reductase (MSRA) ELISA Kit employs a two-site sandwich ELISA to quantitate MSRA in samples. An antibody specific for MSRA has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any MSRA present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for MSRA is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of MSRA bound in the initial step. The color development is stopped and the intensity of the color is measured.
