Human Macrophage mannose receptor 1 (MRC1L1) ELISA Kit ASC-KTE61541

Artikelname	Human Macrophage mannose receptor 1 (MRC1L1) ELISA Kit
Artikelnummer	ASC-KTE61541
Hersteller Artikelnummer	KTE61541
Alternativnummer	ASC-KTE61541-48, ASC-KTE61541-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Macrophage mannose receptor 1 (MRC1L1) ELISA Kit employs a two-site sandwich ELISA to quantitate MRC1L1 in samples. An antibody specific for MRC1L1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any MRC1L1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for MRC1L1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of MRC1L1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
