### Human Mps one binder kinase activator-like 1A (MOBKL1A) ELISA Kit ASC-KTE61573

Artikelname	Human Mps one binder kinase activator-like 1A (MOBKL1A) ELISA Kit
Artikelnummer	ASC-KTE61573
Hersteller Artikelnummer	KTE61573
Alternativnummer	ASC-KTE61573-48, ASC-KTE61573-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Mps one binder kinase activator-like 1A (MOBKL1A) ELISA Kit employs a two-site sandwich ELISA to quantitate MOBKL1A in samples. An antibody specific for MOBKL1A has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any MOBKL1A present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for MOBKL1A is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of MOBKL1A bound in the initial step. The color development is stopped and the intensity of the color is measured.
