### Human Meiotic nuclear division protein 1 homolog (MND1) ELISA Kit ASC-KTE61579

Artikelname	Human Meiotic nuclear division protein 1 homolog (MND1) ELISA Kit
Artikelnummer	ASC-KTE61579
Hersteller Artikelnummer	KTE61579
Alternativnummer	ASC-KTE61579-48, ASC-KTE61579-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Meiotic nuclear division protein 1 homolog (MND1) ELISA Kit employs a two-site sandwich ELISA to quantitate MND1 in samples. An antibody specific for MND1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any MND1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for MND1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of MND1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
